

I am going to...

You may feel.

About going horse riding.
That is ok!
Here is a social story to
help you feel more
comfortable.

This is Clare.

She runs fox fields along with her team.

This is where we can park our car.

These are some of
the stables that
the horses sleep
in.

This is where the toilet and classroom are.

This is the way to the arena where I may ride or lead the horses.

I may see horses on my left as I walk down to the arena.

Now we are inside of the arena.
